Project Name	AI-Powered Debt Relief & Financial Recovery Platform
Maximum Marks	3 Marks

Problem Statement:

An AI-Powered platform that detects fake, duplicate, and manipulated GST invoices by analysing invoice data, vendor details, tax calculations, and transaction patterns. It helps businesses and tax authorities prevent GST fraud, reduce financial losses, and ensure compliance through real-time fraud alerts and risk scoring.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A person struggling with debt and financial management.	Manage my debts and improve my financial stability.	I don't know the best repayment strategy or how to plan my finances effectively.	I have multiple financial obligations, limited budgeting knowledge, and no personalized guidance.	Stressed, financially insecure, and uncertain about my future.
