

Project Demo Planning

Date	08 July 2026
Team ID	
Project Name	AI-Powered Debt Relief & Financial Recovery Platform
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Project Introduction	Introduce the project, explain the problem statement, objectives, and motivation behind developing the AI-powered debt relief platform.	1	Tanmayi M
2	System Architecture & Technologies	Explain the system architecture, technology stack (React.js, FastAPI, SQLite, Google Gemini AI), and overall workflow.	1	Tanmayi M
3	Live Application Demonstration	Demonstrate user registration, login, dashboard, loan management, financial health analysis, and settlement recommendations.	1	Tejaswini V
4	AI Features Demonstration	Showcase AI-generated settlement letters, negotiation strategies, financial advice, and AI History using Google Gemini AI.	1	Sukeerthi P
5	Testing & Results	Demonstrate API testing, application functionality, and highlight successful implementation of all proposed features.	1	Vijay sai vivek V
6	Conclusion & Future Enhancements	Summarize the project outcomes, discuss future enhancements, and conclude the demonstration.	1	Tanmayi M

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the motivation, objectives, and real-world problem addressed by the platform.
2	Solution Overview	Present the system architecture, technology stack, and key modules of the application.
3	Live Feature Demonstration	Demonstrate Login, Loan Management, Financial Health Analysis, Settlement Recommendations, AI Negotiation, and AI History modules.
4	Q&A Session	Answer questions, explain implementation details, and discuss future enhancements.
